

Microwave sensor (presence & daylight)

Plug&Play microwave presence sensor for detection of all movements (including vehicles). Daylight sensor for illuminance levels between 10 and 500 lux will ensure that light is only delivered when needed. Actual illuminance level can be stored as reference. Commissioning to be done via remote control (96635770). The motion detection range, the hold time as well as the standby dimming level and time fully adjustable via remote control. Maximum mounting height is 12m. Weight: 0.03 kg
